

220V 1000 Watt Portable Power Supply Lightweight For Outdoor Camping

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: XWELL
- Certification: UN38.3, MSDS, UL, CB, BIS, PSE, GB4943.1 safety standard, CE, FCC, ROHS, battery UN38.3, MSDS, UL, CB, BIS, PSE
- Model Number: XW-1000W-01
- Minimum Order Quantity: 1 pcs
- Packaging Details: Carton
- Delivery Time: 7-10 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 pcs per month

Product Specification

- AC Power: 1000W
- Total Capacity: 920Wh
- Cell Model: Lithium Iron Phosphate Power Battery 32700 Cylindrical
- Cover Material: PC+V0 Flame Retardant
- Dimension (mm): 350x304x200
- Product Weight: About 6.5kg
- Package Size: 440x345x350mm
- AC Output: AC110V/220V/50Hz/60Hz
- USB Output: QC3.0 Fast Charging, 5V-3A, 9V-2A, 12V-1.5A, 18W Total Power
- Type-C Output: PD 120W Output
- Highlight: **1000 Watt Portable Power Supply Lightweight, Outdoor 1000 Watt Portable Power Supply, 220V 1000w portable power supply**

Product Description

Large Capacity Outdoor 220V Night Market Stall Mobile Power Supply 1000W Portable Fast Charge Energy Storage Battery

Features of ESS Portable Power Station

1. Lightweight: Portable, easy to carry.
2. Clean, Quiet, Fume-Free: No gas, no emission.
3. No Maintenance: Simply keep it plugged into the wall or solar panel to extend battery life there's no maintenance fee.
4. More Efficient: Power is stored and consumed as needed maximizing output.

Application of Portable Power Station

1. Camping Outdoors: Lighting Cooking Electronics Charging Projectors Refrigerators
2. RV Companion: Complementary with the RV to solve mobile power lighting, car refrigerator outdoor equipment continuous power supply
3. Outdoor operations: survey, maintenance, rescue, police security outdoor electricity
4. Night market stalls: lighting, sausage machine, popcorn machine, fan, audio

Description of ESS Portable Power Station

A portable power station, also known as a portable generator or battery generator, is a device designed to provide electrical power in situations where access to traditional power sources is limited or unavailable. These devices are versatile and can be used for various purposes, including camping, outdoor events, emergency backup power, and remote job sites.

Xwell new energy power station for energy storage and solar power converter. A portable and compact power station for easy travel power and electricity whenever you need it.

Specification

Input	
C 5521	12V-24V/1-5A power adapter/car charger 12-24V/solar panel
Output	
AC Power	110V/220V, 1000W, 50Hz/60Hz, sine wave
DC Car Charger + DC connector x2	12V-10A/120W total power
USB-A x2	QC3.0 fast charging, 5V-3A, 9V-2A, 12V-1.5A, 18W total power
USB-C1	PD/QC3.0 fast charging, 5V-3A, 9V-2A, 12V-1.5A, 18W total power
USB-C2	PD fast charging, 5V-3A, 9V-3A, 12V-3A, 15V-3A, 20V-3A, 100W total power
LED Lighting	1W high brightness, with 2-level dimming and SOS flashing
Other	
Power	1000W
Capacity	920Wh
Cell	Lithium iron phosphate power battery 32700 cylindrical
Dimension (mm)	350x304x200
Material	PC+V0 flame retardant
Product weight	About 6.5kg, subject to customization and actual product
Package size	440x345x350mm
Certification test report	UN38.3, MSDS, UL, CB, BIS, PSE GB4943.1 safety standard, CE, FCC, ROHS, battery UN38.3, MSDS, UL, CB, BIS, PSE

Our services

1. Your inquiry related to our products price will be replied in 24 hours.
2. Experienced staffs to answer all your enquiries in fluent English
3. We make the OEM and ODM service for more than 5 years
4. Protection of your sales area, ideas of design and all your private information.
5. No matter big order or small order, we will provide all the best quality, best service.
6. If our products have any problem that we caused, they will be sent free in the next order.
