

# Lithium LiFePO4 Home Energy Storage Battery 4 Modules 64S1P 10.24kwh Stackable

# **Basic Information**

Place of Origin: ChinaBrand Name: XWELL

 Certification: UN38.3,MSDS,UL,CB,BIS,PSE,GB4943.1 safety standard, CE, FCC, ROHS, battery

UN38.3, MSDS, UL, CB, BIS, PSE

Model Number: XW-HH1024

Minimum Order Quantity: 1 pcsPackaging Details: Carton

• Delivery Time: 7-10 working days

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

Supply Ability: 5000 pcs per month

# **Product Specification**

Module Number: 4 Pcs
Capacity: 10240kwh
Cell Number: 64S1P 1pcs
Voltage Scale: 182.4-230.4V
Weight: 115kg
Nominal Voltage: 153.6V

• Dimension: 550x430x697.5mm

Battery Cell Type: LiFePO4Rated Working Current: 50A

• Communication CAN/RS485/RS232

AC110V/220V/50Hz/60Hzmethod:

• Highlight: LiFePO4 Home Energy Storage Battery,

64S1P Home Energy Storage Battery, 10.24kwh Stackable LiFePO4 Battery

# **Product Description**

### High Voltage 4 Modules In Series 64S1P 10.24kwh Stackable Lithium LiFePO4 Battery Home Solar Energy Storage Battery

#### **6 REASONS TO CHOOSE US**

- 1. Safety, Environment Friendly, Pollution-free
- 2. Long life 5000-6000 cycles
- 3. Fast charging Low self-discharge
- 4. Built in BMS battery protection & smarter
- 5. Over discharge protection
- 6. 100% Depth of Discharge(DOD)

#### **Description of Stackable Home Battery**

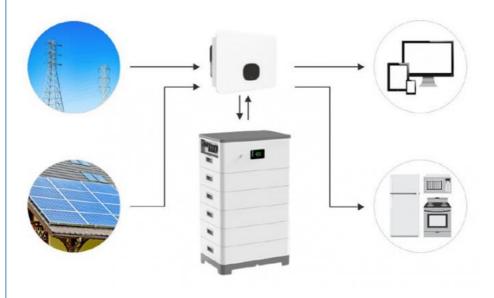

From the design aspect, there is an all-in-one machine is inverter + battery + BMS, built-in BMS to support intelligent management. The appearance of the profile is very beautiful, and the appearance of the wires can not be seen, the expansion of capacity can be connected in parallel 6pcs.

Suitable for general household use, safe and convenient. Built-in BMS, over voltage protection. ODM/OEM Service, We can help you build your brand, MOQ quantity 20pcs

#### Specification of Stackable Home Battery

| Model                         | 3 modules                          | 4 modules     | 5 modules     | 6 modules          |
|-------------------------------|------------------------------------|---------------|---------------|--------------------|
| Nominal capacity (kwh)        | 7.68                               | 10.24         | 12.8          | 15.36              |
| Battery cell configuration    | 48S1P                              | 64S1P         | 80S1P         | 96S1P              |
| Operating voltage range(V)    | 136.8-172.8                        | 182.4-230.4   | 228-288       | 237.6-3456         |
| Weight                        | 115kg                              | 145kg         | 175kg         | 205kg              |
| Nominal voltage               | 153.6V                             | 204.8V        | 156V          | 307.2V             |
| Dimension (mm)                | 550x430x697.5                      | 550x430x826.5 | 550x430x955.5 | 550x430x1084<br>.5 |
| Battery cell type             | LiFePO4                            |               |               |                    |
| Rated working current         | 50A                                |               |               |                    |
| Communication method          | CAN/RS485/RS232                    |               |               |                    |
| Operating temperature range   | Charging: 0~45 Discharging: -10~50 |               |               |                    |
| Protection level              | IP55                               |               |               |                    |
| Installation method           | Floor installation                 |               |               |                    |
| Cycle life                    | >6000 Cycles(80%DOD)               |               |               |                    |
| Peak charge/discharge current | 63A, (@25 ,5S)                     |               |               |                    |
| Self-discharge rate           | ≤3.5%/month/@25°C                  |               |               |                    |

#### **Stackable Home Battery Connection Diagram**

#### FAQ

1. Is the battery used in the battery pack grade A? Yes, we only use Grade A and Brand new cells inside.

2.Do you test and match the battery before installing the battery pack? Yes, every cell will be tested capacity, IR, voltage to surely match Voltage: The deviation less than 0.01V Resistance: The deviation less than  $0.1m\Omega$ Capacity: Same capacity matched

#### 3. How do I store my batteries?

When the product is not in use for a long time, it should be stored in a dry, clean and well-ventilated warehouse at 10°C 35°C, avoiding inflammable and explosive materials; the battery pack should be charged and maintained regularly every three months to ensure that the battery best performance state.

4. What is the cycle life of the battery? 6000 cycle life @ 80% DOD

#### 5. What's the warranty of your 48V/51.2V battery pack?

5 years warranty, if there is broken item under quality problem within warranty time, we will offer free replacements or refund, up to your needs

#### 6.Do your batteries support series or parallel connection?

Our 48V battery packs support up to 15pcs in parallel, if you need series connection, please contact our sales staff
